

WALL MIRROR MIDCENTURY LEGEND

A statement mirror from Paul McCobb,
designer of the Planner™ series

Wall Mirror is a mounted mirror with shelves designed by the legendary American designer Paul McCobb. The shelf and mirror are delivered in two separate pieces, with two small shelves that pivot.

Wall Mirror is reissued from the 1950s design for Bryce Originals. Fritz Hansen has updated the design by adding marble to the shelves for a modern, sophisticated look.

MATERIALS

Wall Mirror is black, powder coated steel with shelves. The marble used for the shelves has a matt surface and is available in two versions; Green Forest marble and White Carrara marble.

Green Forest marble varies a lot from plate to plate. Small inclusions, glass veins and porosities in the surface may occur and are characterized as all-natural, distinctive marks. These natural marks are not accepted as defects or grounds for complaint.

DESIGN

Paul McCobb (1917-1969) was one of the leading contemporary furniture designers on the American design scene in the 1950s and 1960s.
