

Napoleon

W 555 Giuseppe Viganò

Frame in beech plywood, covered in multi- thickness polyurethane foam. Seat cushions in sterilised goose down with insert in multi-thickness polyurethane foam and reinforcements in “Visco Soft”, a particular soft, durable padding. The perimeter border is hand-finished. It is possible to apply matching leather edging on sofas with 100% fabric upholstery. Backrests have a “Capitonnè” pattern, with buttons in the same colour as the upholstery or with “Swarovski” crystals. Frame underside is tubular and nished in bright aluminium or painted bronze. Given the special manufacturing process, fabric or leather frame covers are not removable. The frame is assembled with simple threaded bushings, and can easily be disassembled for trouble-free transportation. Sofa with reduced depth (90 cm).
